Veritas Life Policyholder Protection Framework

Four Layers of Safeguard • Across All Veritas Life Solutions

Veritas Life operates under one of the most robust legal and regulatory environments in international finance.
The following four-layer protection framework applies across all policies, ensuring that assets are held securely, transparently, and independently at all times.

LAYER 1

Regulated by the Guernsey Financial Services Commission (GFSC)

Veritas Life is licensed under the Insurance Business (Bailiwick of Guernsey) Law 2002, regulated by the Guernsey Financial Services Commission (GFSC). This provides a strong legal foundation and enforces high standards of governance, solvency, and policyholder protection.

LAYER 2

Independent Trust-Based Custody

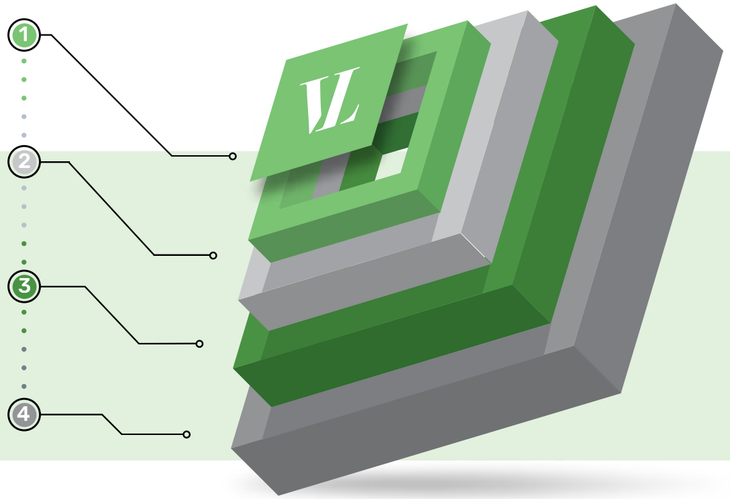

The GFSC requires Veritas Cell to hold at least 90% of clients' assets in a Guernsey-based trust with an independent, authorised trustee.

- Assets are legally segregated from Veritas Life's operational funds.
- The appointed trustee is Sovereign Trust (Guernsey) Limited, regulated by the GFSC.
- The trustee safeguards policyholder assets and may hold securities directly or via a nominee.
- Investment management remains with the policyholder
- or their chosen adviser.
- Independent, authorised trustee.

Veritas Life Policyholder Protection Framework

Four Layers of Safeguard • Across All Veritas Life Solutions

Veritas Life operates under one of the most robust legal and regulatory environments in international finance.
The following four-layer protection framework applies across all policies, ensuring that assets are held securely, transparently, and independently at all times.

LAYER 3

Enhanced protection through custodian partners

Veritas Life uses secure custodian partners, including HSBC Guernsey as cash custodian and Union Bancaire Privée (UBP) as trading custodian.

UBP is rated Aa2 stable by Moody's and has assets under management of over CHF 140 billion (US$173 billion).

LAYER 4

Ongoing Transparency and Regulatory Reporting via

Artex, an 80B AUA global business provides secure Veritas cell and independent compliance oversight.

To maintain continuous oversight and accountability, Veritas Cell is required to:

- Submit quarterly reports to the GFSC on all assets held in trust.
- Notify the GFSC in advance if 5% or more of total assets are to be distributed within a single calendar month.

These reporting obligations provide transparency and early visibility into material movements in the trust.

Cost Effective

- Low cost 0.285% pa charged on initial investment for 10 years only.
- No upfront charge.
